The Parent Resource Service (PRS) is an information service for Lynchburg City families and others concerned with the care and education of children with disabilities. The service is available to any family who has a child who receives special education services or any family who suspects that their child may have a disability. It is also designed to promote healthy partnerships among parents, educators, and the community.

The Parent Resource Service offers:

- Workshops for families and educators.
- Training on the special education process and how to develop an effective IEP (Individualized Education Plan).
- Support through listening and problem solving with families.
- Referral services to help families and educators locate specific local, state, and national agencies.

If you would like more information about the Parent Resource Service and what we offer, please call us at 515-5180 or complete this form and mail it back to us.
