A. Purpose

The Lynchburg City School Board seeks, through the adoption of this policy, to assure that the judgment of its members, officers and employees will be guided by a policy that defines and prohibits inappropriate conflicts and requires disclosure of economic interests, as defined by the General Assembly in the State and Local Government Conflict of Interests Act *{(the Act)}*.

B. Areas of Regulation

The ~~State and Local Government Conflict of Interests~~ Act establishes five principal areas of regulation applicable to board members, officers, and employees of the Lynchburg City School Division. They are:

- Special anti-nepotism rules relating to School Board members and superintendents of schools.

3. If disqualifications under subsection 1.a. of this section leave less than the number required by law to act, the remaining member or members of the board shall constitute a quorum for the conduct of business and have authority to act for the board by majority vote, unless a unanimous vote of all members is required by law, in which case authority to act shall require a unanimous vote of remaining members.

If reasonable time is not available to comply with the provisions of this subsection prior to participation in the transaction, the board member or employee shall prepare and file the required declaration by the end of the next business day.

{I. Advisory Opinions

School Board members or employees subject to the Act may seek written opinions regarding the Act from the local Commonwealth's attorney; the local city attorney; or the Council. Good faith reliance on any such written opinion bars prosecution for a knowing violation of the Act provided the opinion was made after a full disclosure of the facts.}

Subject: Lynchburg City School Board Policies and Administrative Regulations: Section 7
– Admissions

Summary/Description:

The process of converting the Lynchburg City Schools' (LCS) policies to the Virginia School Board Association (VSBA) format is ongoing process which has involved the conversion of entire sections of the LCS policy manual at a time. Periodically, recommended revisions to a LCS policy arise that warrant a conversion to the VSBA equivalent policy. Rather than delay the conversion of these policies until an entire section is converted, individual policies will be brought to the school board for conversion.

Policies related to admission requirements will be presented to the school board for discussion this evening.

Policy Manual - Section 7 (Admissions)

This manual contains a portion of Section 7 – Students of the Lynchburg City School Board Policies and Regulations Manual and the correlating Virginia School Board Association (VSBA) policy. These are policies that deal with Admissions. Adopting the VSBA format allows the Lynchburg City School Board to keep up with the latest changes in Virginia legislation as it relates to education. Several VSBA policies have been “personalized” or created to reflect the policy and practice of the Lynchburg City Schools.

For ease of understanding and navigation while reviewing the manual we have adopted the following layout and formatting:

- The current Lynchburg City School Board policy appears on the left side
- The correlating VSBA policy will appear on the right, where possible, for ease of comparison
- Italicized sentences or words indicate wording added to the VSBA policy
- Strikethrough sentences or words indicate wording that will be removed from the VSBA policy

ADDITIONAL ADMISSION REQUIREMENTS

- A. Except as otherwise provided below, no pupil shall be admitted for the first time to any public school in any school division in Virginia unless the person enrolling the pupil presents, upon admission, a certified copy of the pupil's birth record. The principal or his designee shall record the official state birth number from the pupil's birth record into the pupil's permanent school record and may retain a copy in the pupil's permanent school record. If a certified copy of the pupil's birth record cannot be obtained, the person so enrolling the pupil shall submit an affidavit setting forth the pupil's age and explaining the inability to present a certified copy of the birth record. If the school division cannot ascertain a child's age because of the lack of a birth certificate, the child shall nonetheless be admitted into the public schools if the division Superintendent determines that the person submitting the affidavit presents information sufficient to estimate with reasonable certainty the age of such child.
- B. If a certified copy of the birth record is not provided, the administration shall immediately notify the local law enforcement agency. The notice to the local law-enforcement agency shall include copies of the submitted proof of the pupil's identity and age and the affidavit

explaining the inability to produce a certified copy of the birth record.

- C. Within 14 days after enrolling a transfer student, the administration shall request documentation that a certified copy of the pupil's birth record was presented when the pupil was enrolled in the former school.
- D. The School Board assigns a unique student identification number, determined in accordance with a system developed by the Department of Education, to each student enrolled in the division. No student identification number includes or is derived from the student's social security number. Each student retains the student's identification number for as long as the student is enrolled in a public elementary or secondary school in Virginia.
- E. Tuition rates are established each year in accordance with the provisions of Va. Code § 22.1-5.
- F. Prior to admission to the Lynchburg City School Division, the parent, guardian, or other person having control or charge of the child shall provide, upon registration,
- a sworn statement or affirmation indicating whether the student has been expelled from school attendance at a private school or in a public school division of the Commonwealth or another state for an offense in violation of school board policies relating to weapons, alcohol or drugs, or for the willful infliction of injury to another person. This document shall be maintained as a part of the student's scholastic record; and
 - a sworn statement or affirmation indicating whether the student has been found guilty of or adjudicated delinquent for any offense listed in subsection G of Va. Code § 16.1-260 or any substantially similar offense under the laws of any state, the District of Columbia, or the United States or its territories. This document shall be maintained by the Superintendent and by any others to whom he disseminates it, separately from all other records concerning the student.

However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of § 16.1-260, the notice shall become a part of the student's disciplinary record.

When the child is registered as a result of a foster care placement, the information required under this subsection must be furnished by the local social services agency or licensed child-placing agency that made the placement.

- G. A student, who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in Virginia or in another state or for whom admission has been withdrawn by a private school in Virginia or another state may be excluded from attendance in the Lynchburg City School Division regardless of whether such student has been admitted to another school division or private school in Virginia or in

another state subsequent to such expulsion, suspension, or withdrawal of admission upon a finding that the student presents a danger to the other students or staff of the school division after (i) written notice to the student and his/her parent that the student may be subject to exclusion, including the reasons therefore, and notice of the opportunity for the student or his parent to participate in a hearing to be conducted by the Superintendent or his designee regarding such exclusion; and (ii) a hearing of the case has been conducted by the Superintendent or his/her designee; and the decision has been to exclude the student from attendance. The student or his parent may file a written petition for review with the School Board within 15 days of notice of the decision of the Superintendent or his/her designee. If the School Board grants a review of the record, the decision of the Superintendent or his/her designee may be altered.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the School Board, committee thereof, or Superintendent or his designee, as the case may be, at the relevant hearing, the student may petition the School Board for readmission. If the petition for readmission is rejected, the School Board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may petition the School Board for readmission.

For the purposes of this section, the Superintendent's designee shall be a (i) trained hearing officer or (ii) professional employee within the administrative offices of the school division who reports directly to the Superintendent and who is not a school-based instructional or administrative employee.

In excluding any such expelled student from school attendance, the School Board may accept or reject any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The excluding School Board shall not impose additional conditions for readmission to school.

- H. This policy does not preclude contractual arrangements between the Lynchburg City School Board and agencies of the federal government or the school board of another jurisdiction to permit students not otherwise eligible to attend Lynchburg City Schools.
- I. Prior to admission, the student must document compliance with, or eligibility for exemption from, the physical examination and immunization requirements contained in Va. Code §§ 22.1-270, 22.1-271.2 and 32.1-46 and policies JHCA Physical Examinations of Students and JHCB Student Immunizations.

If the person enrolling a child who has been placed in foster care by a local social services agency is unable to produce a report of a comprehensive physical examination and/or proof of immunization, the student shall be immediately enrolled; however, the person enrolling the child shall provide a written statement that, to the best of his knowledge, the student is in good health and is free from communicable or contagious disease. In addition, the placing social service agency shall obtain and produce the required documents or otherwise ensure compliance with the statutory requirements for the foster child within 30 days after the child's

enrollment.

PHYSICAL EXAMINATIONS OF STUDENTS

- A. No pupil shall be admitted for the first time to any public kindergarten or elementary school in Lynchburg City School Division unless such pupil furnishes, prior to admission,
- (1) a report from a qualified licensed physician, or a licensed nurse practitioner or licensed physician assistant acting under the supervision of a licensed physician, of a comprehensive physical examination of a scope prescribed by the State Health Commissioner performed within the 12 months prior to the date such pupil first enters such public kindergarten or elementary school; or
 - (2) Records establishing that such pupil furnished such report upon prior admission to another school or school division and providing the information contained in such report.
- B. If the pupil is a homeless child or youth as defined in Va. Code § 22.1-3, and for that reason cannot furnish the required report or records, and the person seeking to enroll the pupil furnishes to the school division an affidavit so stating and also indicating that, to the best of his knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division shall immediately refer the student to the division's homeless liaison, who will, as soon as practicable, assist in obtaining the necessary physical examination by the local health department or other clinic or physician's office and shall immediately admit the pupil to school.
- C. The health care provider making a report of a physical examination shall, at the end of such report, summarize the abnormal physical findings, if any, and shall specifically state what, if any, conditions are found that would identify the child as handicapped.
- D. Physical examination reports shall be placed in the child's health record at the school and shall be made available for review by any employee or official of the State Department of Health or any local health department at the request of such employee or official.
- E. A physical examination shall not be required of any child whose parent or guardian objects on religious grounds and who shows no visible evidence of sickness. The parent or guardian shall state in writing that, to the best of his or her knowledge, the child is in good health and free from any communicable or contagious disease.
- F. The health departments of the counties and cities of the Commonwealth shall conduct such required physical examinations for medically indigent children, upon request, without charge and may provide such examinations to others on such uniform basis as the departments establish.
- G. Parents/guardians of students entering school shall complete a health information form as required by state law. Such forms shall be returned within 15 days of receipt unless reasonable extensions have been granted by the Superintendent or his designee. Upon failure of the parent to complete such form within the extended time, the Superintendent may send

the parent written notice of the date he intends to exclude the child from school; however, no child who is a homeless child or youth as defined in subdivision 6 of Va. Code § 22.1-3 shall be excluded from school for such failure to complete such form.

STUDENT IMMUNIZATIONS

No student shall be admitted by a school unless at the time of admission the student or his parent submits documentary proof of immunization as required by Va. Code §§ [22.1-271.2](#) and [32.1-46](#) to the admitting official of the school or unless the student is exempted from immunization as described below or is a homeless child or youth as defined in Va. Code § 22.1-3.

If a student does not have documentary proof of immunization, the school will notify the student or his parent

- (i) that it has no documentary proof of immunization for the student;
- (ii) that it may not admit the student without proof unless the student is exempted, including any homeless child or youth as defined in Va. Code § 22.1-3;
- (iii) that the student may be immunized and receive certification by a licensed physician, physician assistant, nurse practitioner, registered nurse or an employee of a local health department; and
- (iv) how to contact the local health department to learn where and when it performs these services.

Any parent, guardian, or other person having control or charge of a child being home instructed or exempted or excused from school attendance shall comply with immunization requirements provided in Va. Code §§ [22.1-271.4](#) and 32.1-46 in the same manner and to the same extent as if the child has been enrolled in and is attending school.

Conditional Enrollment

Any student whose immunizations are incomplete may be admitted conditionally if he provides documentary proof at the time of enrollment of having received at least one dose of the required immunizations accompanied by a schedule for completion of the required doses within 90 calendar days. If the student requires more than two doses of hepatitis B vaccine, the conditional enrollment period will be 180 calendar days.

The immunization record of each student admitted conditionally will be reviewed periodically until the required immunizations have been received.

Any student admitted conditionally who fails to comply with his schedule for completion of the required immunizations will be excluded from school until his immunizations are resumed.

Exemptions

No certificate of immunization is required for the admission to school of any student if

- (i) the student or his parent submits an affidavit to the admitting official stating that the administration of immunizing agents conflicts with the student's religious tenets or practices; or
- (ii) the school has written certification from a licensed physician, physician assistant, nurse practitioner, or local health department that one or more of the required

immunizations may be detrimental to the student's health, indicating the specific nature and probable duration of the medical condition or circumstance that contraindicates immunization.

Homeless Pupils

If a student is a homeless child or youth as defined in Va. Code § 22.1-3 and

- (a) does not have documentary proof of necessary immunizations or has incomplete immunizations and
- (b) is not exempted from immunization,

the school division will immediately admit such student and will immediately refer the student to the local school division homeless liaison who will assist in obtaining the documentary proof of, or completing, immunization.

Immunization Record

Every school records each student's immunizations on the school immunization record. The school immunization record is a standardized form provided by the State Department of Health, which will be a part of the mandatory permanent student record. Such record is open to inspection by officials of the State Department of Health and the local health departments.

The school immunization record will be transferred by the school whenever the school transfers any student's permanent academic or scholastic records.

Within 30 calendar days after the beginning of each school year or entrance of a student, each admitting official will file a report with the local health department. The report will be filed on forms prepared by the State Department of Health and will state the number of students admitted to school with documentary proof of immunization, the number of students who have been admitted with a medical or religious exemption and the number of students who have been conditionally admitted, including those students who are homeless children or youths as defined in Va. Code § 22.1-3.

STUDENTS

Admission Requirements – Homeless Students – 7-10.1A. Generally

The Lynchburg City School Board is committed to educating homeless children and youth. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless. The school division will coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

The Lynchburg City Schools will serve each homeless student according to the student's best interest and will

- continue the student's education in the school of origin for the duration of homelessness
- if the student becomes homeless between academic years or during an academic year; or
- for the remainder of the academic year, if the student becomes permanently housed during an academic year; or
- enroll the student in any public school that non-homeless students who live in the attendance area in which the student is actually living are eligible to attend.

In determining the best interest of a homeless student, the Lynchburg City School board shall

- to the extent feasible, keep the student in the school of origin, except when doing so is contrary to the wishes of the student's parent or guardian;
- provide a written explanation, including a statement regarding the right to appeal as described below, to the homeless student's parent or guardian, if the division sends the student to a school other than the school of origin or a school requested by the parent or guardian; and
- in the case of an unaccompanied youth, ensure that the district's homeless liaison assists in placement or enrollment decisions regarding the student, considers the views of such unaccompanied youth, and provides notice to such youth of the right to appeal described below.

B. Enrollment

The school selected in accordance with this policy shall immediately enroll the homeless student, even if the student is unable to produce records normally required for enrollment, such as previous academic records, birth records, medical records, proof of residency, or other documentation.

The enrolling school shall immediately contact the school last attended by the student to

STUDENTS

obtain relevant academic and other records.

If the student needs to obtain immunizations, or immunization, birth, or medical records, the enrolling school shall immediately refer the parent or guardian of the student to Lynchburg City Schools' homeless liaison, who shall assist in obtaining necessary immunizations, or immunization, birth, or medical records.

If the documentation regarding the comprehensive physical examination required by School Board Policy 7-10 cannot be furnished for a homeless child or youth, and the person seeking to enroll the pupil furnishes to the school division an affidavit stating that the documentation cannot be provided because of the homelessness of the child or youth and also indicating that, to the best of his or her knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division shall immediately refer the student to the local school division homeless liaison who shall, as soon as practicable, assist in obtaining the necessary physical examination by the city health department or other clinic or physician's office and shall immediately admit the pupil to school.

The decision regarding placement shall be made regardless of whether the student lives with the homeless parents or has been temporarily placed elsewhere.

C. Enrollment Disputes

If a dispute arises over school selection or enrollment in a school

- the homeless student shall be immediately admitted to the school in which enrollment is sought and provided all services for which he or she is eligible, pending resolution of the dispute;
- the parent or guardian of the student shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or student to appeal the decision;
- the student, parent, or guardian shall be referred to the district's homeless liaison who shall carry out the appeal process as expeditiously as possible after receiving notice of the dispute; and
- in the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in school pending resolution of the dispute.

D. Appeal Process1. Oral Complaint

In the event that an unaccompanied student or the parent or guardian of a student (hereinafter referred to as the Complainant) disagrees with a school's decision regarding the student's eligibility to attend the school, the Complainant shall orally present his position to the division's homeless liaison.

STUDENTS

Admission Requirements – Homeless Students (continued)2. Written Complaint

If the disagreement is not resolved within five school days, the Complainant may present a written complaint to the homeless liaison. The written complaint must include the following information: the date the complaint is given to the homeless liaison; a summary of the events surrounding the dispute; the name(s) of the school division personnel involved in the enrollment decision; and the result of the presentation of the oral complaint to the homeless liaison.

Within five school days after receiving the written complaint, the homeless liaison will reach a decision regarding the contested enrollment and shall provide a written statement of that decision, including the reasons therefore, to the Complainant. The liaison will inform the superintendent of the formal complaint and its resolution.

3. Appeal to Superintendent

If the complainant is not satisfied with the written decision of the homeless liaison, the complainant may appeal that decision to the superintendent by filing a written appeal. The homeless liaison shall ensure that the superintendent receives copies of the written complaint and the response thereto. The superintendent or designee shall schedule a conference with the complainant to discuss the complaint. Within five school days of receiving the written appeal, the superintendent, or designee, shall provide a written decision to the complainant including a statement of the reasons therefore.

E. Comparable Services

Each homeless student shall be provided services comparable to services offered to other students in the school attended by the homeless student including the following:

- transportation services;
- educational services for which the student meets the eligibility criteria, such as services provided under Title I, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- programs in vocational and technical education;
- programs for gifted and talented students; and
- school nutrition programs.

F. Transportation

At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation will be provided for a homeless student to and from the school of origin as follows:

STUDENTS

Admission Requirements – Homeless Students (continued)

- if the homeless child or youth continues to live in the area served by the division in which the school of origin is located, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the division in which the school of origin is located.
- if the homeless child's or youth's living arrangements in the area served by the division in which the school of origin is located terminate and the child or youth, though continuing his or her education in the school of origin, begins living in an area served by another division, the division of origin and the division in which the homeless child or youth is living shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin. If the divisions are unable to agree upon such method, the responsibility and costs for transportation shall be shared equally.

Code of Va., § 22.1-253.13:1. Standard 1. Instructional programs supporting the Standards of Learning and other educational objectives. “A. The General Assembly and the Board of Education believe that the fundamental goal of the public schools of this Commonwealth must be to enable each student to develop the skills that are necessary for success in school, preparation for life, and reaching their full potential. The General Assembly and the Board of Education find that the quality of education is dependent upon the provision of (i) the appropriate working environment, benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the appropriate learning environment designed to promote student achievement; (iii) quality instruction that enables each student to become a productive and educated citizen of

STUDENTS

Admission Requirements – Homeless Students (continued)

Virginia and the United States of America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General Assembly shall provide for the support of public education as set forth in Article VIII, Section 1 of the Constitution of Virginia.

B. The Board of Education shall establish educational objectives known as the Standards of Learning, which shall form the core of Virginia's educational program, and other educational objectives, which together are designed to ensure the development of the skills that are necessary for success in school and for preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning for English, mathematics, science, and history and social science. The Standards of Learning shall not be construed to be regulations as defined in § [2.2-4001](#).

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning including problem solving and decision making; proficiency in the use of computers and related technology; and the skills to manage personal finances and to make sound financial decisions.

The English Standards of Learning for reading in kindergarten through grade three shall be based on components of effective reading instruction, to include, at a minimum, phonemic awareness, phonics, fluency, vocabulary development, and text comprehension.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board of Education shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board of Education shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department of Education shall make available and maintain a website, either separately or through an existing website utilized by the Department of Education,

STUDENTS

enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of recommendations by educators.

School boards shall implement the Standards of Learning or objectives specifically designed for their school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to achieve the educational objectives established by the school division at appropriate age or grade levels. The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board of Education shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" shall include consideration of disability, ethnicity, race, and gender.

With such funds as are made available for this purpose, the Board shall regularly review and revise the competencies for career and technical education programs to require the full integration of English, mathematics, science, and history and social science Standards of Learning. Career and technical education programs shall be aligned with industry and professional standard certifications, where they exist.

C. Local school boards shall develop and implement a program of instruction for grades K through 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board of Education. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and computations, proficiency in the use of computers and related technology, and scientific concepts and processes; essential skills and concepts of citizenship, including knowledge of Virginia history and world and United States history, economics, government, foreign languages, international cultures, health and physical education, environmental issues and geography necessary for responsible participation in American society and in the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

Local school boards shall also develop and implement programs of prevention, intervention, or remediation for students who are educationally at risk including, but not limited to, those who fail to achieve a passing score on any Standards of Learning assessment in grades three through eight or who fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include components that are research-based.

STUDENTS

Admission Requirements – Homeless Students (continued)

Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § [22.1-254](#) and § [22.1-254.01](#).

Students who are required to attend such summer school programs or to participate in another form of remediation shall not be charged tuition by the school division.

The requirement for remediation may, however, be satisfied by the student's attendance in a program of prevention, intervention or remediation that has been selected by his parent, in consultation with the division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) a special program that has been determined to be comparable to the required public school remediation program by the division superintendent. The costs of such private school remediation program or other special remediation program shall be borne by the student's parent.

The Board of Education shall establish standards for full funding of summer remedial programs that shall include, but not be limited to, the minimum number of instructional hours or the equivalent thereof required for full funding and an assessment system designed to evaluate program effectiveness. Based on the number of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall be provided for the full cost of summer and other remediation programs as set forth in the appropriation act, provided such programs comply with such standards as shall be established by the Board, pursuant to § [22.1-199.2](#).

ADMISSION OF HOMELESS CHILDREN

The Lynchburg City School Board is committed to educating homeless children and youth. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless. The school division will coordinate the identification and provision of services to such students with relevant local social services agencies and other agencies and programs providing services to such students, and with other school divisions as may be necessary to resolve interdivisional issues.

The Lynchburg City School Division will serve each homeless student according to the student's best interest and will

- continue the student's education in the school of origin for the duration of homelessness
- if the student becomes homeless between academic years or during an academic year; or
- for the remainder of the academic year, if the student becomes permanently housed during an academic year; or
- enroll the student in any public school that non-homeless students who live in the attendance area in which the student is actually living are eligible to attend.

In determining the best interest of a homeless student, the Lynchburg City School Board shall

- to the extent feasible, keep the student in the school of origin, except when doing so is contrary to the wishes of the student's parent or guardian;
- provide a written explanation, including a statement regarding the right to appeal as described below, to the homeless student's parent or guardian, if the division sends the student to a school other than the school of origin or a school requested by the parent or guardian; and
- in the case of an unaccompanied youth, ensure that the division's homeless liaison assists in placement or enrollment decisions regarding the student, considers the views of such unaccompanied youth, and provides notice to such youth of the right to appeal described below.

Enrollment

The school selected in accordance with this policy shall immediately enroll the homeless student, even if the student is unable to produce records normally required for enrollment, such as previous academic records, birth records, medical records, proof of residency, or other documentation.

The enrolling school shall immediately contact the school last attended by the student to obtain relevant academic and other records.

If the student needs to obtain immunizations, or immunization, birth, or medical records, the enrolling school shall immediately refer the parent or guardian of the student to the division's homeless liaison, who shall assist in obtaining necessary immunizations, or immunization, birth,

or medical records.

If the documentation regarding the comprehensive physical examination required by Policy JHCA Physical Examinations of Students cannot be furnished for a homeless child or youth, and the person seeking to enroll the pupil furnishes to the school division an affidavit stating that the documentation cannot be provided because of the homelessness of the child or youth and also indicating that, to the best of his or her knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division shall immediately refer the student to the division's homeless liaison who shall, as soon as practicable, assist in obtaining the necessary physical examination by the county or city health department or other clinic or physician's office and shall immediately admit the pupil to school.

The decision regarding placement shall be made regardless of whether the student lives with the homeless parents or has been temporarily placed elsewhere.

Enrollment Disputes

If a dispute arises over school selection or enrollment in a school

- the homeless student shall be immediately admitted to the school in which enrollment is sought and provided all services for which he or she is eligible, pending resolution of the dispute;
- the parent or guardian of the student shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or student to appeal the decision;
- the student, parent, or guardian shall be referred to the division's homeless liaison who shall carry out the appeal process as expeditiously as possible after receiving notice of the dispute; and
- in the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in school pending resolution of the dispute.

Appeal Process

Oral Complaint

In the event that an unaccompanied student or the parent or guardian of a student (hereinafter referred to as the Complainant) disagrees with a school's decision regarding the student's eligibility to attend the school, the Complainant shall orally present his position to the division's homeless liaison.

Written Complaint

If the disagreement is not resolved within five (5) school days, the Complainant may present a written complaint to the homeless liaison. The written complaint must include the following information: the date the complaint is given to the homeless liaison; a summary of the events surrounding the dispute; the name(s) of the school division personnel involved in the enrollment decision; and the result of the presentation of the oral

complaint to the homeless liaison.

Within five (5) school days after receiving the written complaint, the homeless liaison will reach a decision regarding the contested enrollment and shall provide a written statement of that decision, including the reasons therefore, to the Complainant. The liaison will inform the Superintendent of the formal complaint and its resolution.

Appeal to Superintendent

If the Complainant is not satisfied with the written decision of the homeless liaison, the Complainant may appeal that decision to the Superintendent by filing a written appeal. The homeless liaison shall ensure that the Superintendent receives copies of the written complaint and the response thereto. The Superintendent or designee shall schedule a conference with the Complainant to discuss the complaint. Within five (5) school days of receiving the written appeal, the Superintendent, or designee, shall provide a written decision to the Complainant including a statement of the reasons therefore.

Comparable Services

Each homeless student shall be provided services comparable to services offered to other students in the school attended by the homeless student including the following:

- transportation services;
- educational services for which the student meets the eligibility criteria, such as services provided under Title I, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- programs in vocational and technical education;
- programs for gifted and talented students; and
- school nutrition programs.

Transportation

At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation will be provided for a homeless student to and from the school of origin as follows:

- if the homeless child or youth continues to live in the area served by the division in which the school of origin is located, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the division in which the school of origin is located.
- if the homeless child's or youth's living arrangements in the area served by the division in which the school of origin is located terminate and the child or youth, though continuing his or her education in the school of origin, begins living in an area served by another division, the division of origin and the division in which the homeless child or youth is living shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin. If the divisions are unable to agree upon such method, the responsibility and costs for

transportation shall be shared equally.

SCHOOL ADMISSION

No person is charged tuition for admission or enrollment in the Lynchburg City Schools, whether on a full-time or part-time basis, who is eligible for admission under Policies JEC School Admission or JECA Admission of Homeless Children. School officials do not inquire into the student's citizenship or B, C or D visa status in determining eligibility for tuition-free enrollment in the Lynchburg City Schools.

However, the school division may admit and charge tuition to a student who:

- A. Is a resident of the school division but not of school age;
- B. Is of school age and not a resident of Virginia but is temporarily living with a non-parent who resides within the school division;
- C. Is of school age and resides beyond the boundaries of Virginia but near thereto in a state or the District of Columbia which grants equal attendance privileges to residents of the Commonwealth;
- D. Is of school age and resides on a military or naval reservation located wholly or partly within the geographical boundaries of the school division, is not a domiciled resident of the Commonwealth of Virginia, and is a student for whom federal funds provided under Public Law 874 of 1950, commonly known as Impact Aid, fund less than 50 percent of the total per capita cost of education in Lynchburg City Schools exclusive of capital outlay and debt service; such students shall be eligible for interscholastic programs immediately upon enrollment, provided that such persons (i) satisfy all other requirements for eligibility and (ii) are dependents of a military service member required by the military to live on the military installation as evidenced by a statement on command letterhead signed by, or by direction of, the service member's commanding officer;
- E. Is of school age and attending a school in the division pursuant to a foreign student exchange program approved by the School Board;
- F. Is a resident of the Commonwealth but not of the school division *{(i.e. non-resident)}*, except as provided in Policy JEC School Admission;
- G. Is of school age and was enrolled in a public school within the division as a domiciled resident of the Commonwealth, and has been required as a result of military or federal orders issued to their parents to relocate and reside on federal property in another state or the District of Columbia, where such state or the District of Columbia is contiguous to the school division; or

Standards of Accreditation.

The following category(ies) of students are eligible for consideration for admission:
~~INSERT~~—Eligibility for consideration does not signify acceptance of the admission application of a student. Each application for admission will be considered on an individual basis. The residency of persons in the above categories who reside in housing or temporary shelter, or on property located in multiple jurisdictions, shall be determined in the manner set forth in Policy JEC School Admission.

Foreign students in an F-1 immigration status or who obtain F-1 student visas are not admitted in the division's elementary schools or publicly funded adult education programs. Such students may be admitted, for a period up to twelve months, in the division's secondary schools only if they pre-pay the full, unsubsidized per capita cost of the education.

{Nonresident students will be admitted to Lynchburg City Schools on a space-available basis and contingent upon a review of the student's scholastic record. Nonresident students will be subject to all selection and placement procedures established by the school division for resident students. Admission to the Lynchburg City Schools is not assumed to be continuous from one year to the next. Parents/guardians must submit an application each year.

Nonresident students are not eligible to apply to attend the pre-kindergarten program, schools for innovation, the Gifted Opportunities Center, Early College Program, XLR8 (STEM) Academy, or the Central Virginia Governor's School for Science and Technology.

Nonresident students enrolled in the division at the time this regulation is approved by the Board that are attending one of the schools of innovation, the Gifted Opportunities Center, Central Virginia Governor's School for Science and Technology, Early College Program and XLR8 (STEM) Academy will be allowed to continue attending until they promote out of the program or school level.

School Admission (LCS Employees)

A parent or guardian who is a resident of the City of Lynchburg and an employee of the Lynchburg City Schools may enroll or request a transfer of their child to another school in the division. Approval of any request is discretionary and based upon the principal's recommendation and availability of space in the new school. School reassignments will be valid for a period of one year. Parent/guardian employees must reapply for consideration annually.

Parent/guardian employees must insure that students maintain good attendance as well as consistently arrive and depart school according to the published hours of operation for schools. Reassignments may be revoked for students who experience issues related to truancy; including, but not limited to, excessive absences, tardies, or early dismissals, and repeated late pick-ups from school and the child/children may be required to attend the school serving the legal residence of the parent/guardian.}

Procedure for Admission

The following procedure is followed for application and review of applications for admission of students who are not eligible for tuition-free enrollment.

A parent or guardian of a student shall apply for admission on behalf of the student by completing the division application. The application form contains information and agreements including, but not limited to:

- the current legal residence of the child and the school division in which the child is currently enrolled, if any;
- the child's unique student identification number, if any;
- the basis for requesting admission;
- the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the division; and,
- the agreement that the student is subject to all policies, regulations and guidelines of the school division, including the Code of Student Conduct.

~~Within 15 calendar days of receipt of the application, the Finance Office of the school division~~ ***{During the period of time each year when applications are accepted, Superintendent's designee}*** shall provide the applicant with written notification of the approval or denial of the application ***{within 15 days of receipt of the applications, unless otherwise specified on the application}***. If the student is to be admitted, the Superintendent or Superintendent's designee shall notify the division which the student previously attended, if any, and make necessary arrangements for the transfer of student records. The notification of admission shall state the period for which the student is accepted and the subsequent conditions which could cause the acceptance to be terminated.

If the application is denied, the ~~Finance Office~~ ***{Superintendent's designee}*** shall notify the parent or guardian of the right to have the transfer reviewed by sending a written request to the Superintendent or ~~Superintendent's designee~~ within seven calendar days. Applications denied based upon the student's suspension, expulsion or withdrawal of admission shall be reviewed in as provided in Policy JEC School Admission. For all other denials of admission, the Superintendent or ~~Superintendent's designee~~ shall respond in writing to the request for review within 10 calendar days.

Tuition Rate

~~The tuition rate is set by the Superintendent for each academic year.~~ ***{Tuition fees for nonresident students will be approved by the board each year. Additional tuition fees may be charged depending upon the program/services provided. Parents or guardians paying tuition for multiple children during the same academic year will pay on a basis of paying full tuition for the first child and half tuition for any other children who reside with the same parent/guardian. A refund for any unused tuition will be made if an enrolled nonresident student should withdraw during the school year.}***

Transportation

Transportation is not furnished to nonresident students except in those cases where:

- agreements between divisions specify transportation services;
- federal or state legislation mandates the provision of transportation services; or
- transportation services can be provided at no cost to the division.

Tuition Regulations R 7-14

In response to numerous questions which arise regarding families moving out of the city, following regulations will govern:

1. Tuition charges commence on the date that the family establishes residence outside of the city. When a move is discovered after the fact, tuition is due from the beginning of the school year or from the date of the move. The family must provide documentation of the date of the move.
2. If a family moves from the city and seeks to transfer custody to a person living in the city, the family is responsible for filing a copy of the court petition document in the superintendent's office. When a determination is made by the Juvenile and Domestic Relations Court, the family must file a copy of the decision in the superintendent's office. If the petition is denied the family must either pay the back tuition and remain in the city school or transfer the student to the appropriate school system.
3. If a student establishes residence in the city and does not live with a parent or legal guardian, the student or family of the student must pay tuition until the student reaches age eighteen (18).

Tuition will be charged regardless of when the move from the city is made in the school year. This is necessary because

- a. there is no logical time to cut off payments, and
- b. others are paying for each day/month and fairness dictates that all pay on the same basis.
