Important Questions	Answers	Why This Matters:
<p>What is the overall deductible?</p>	<p>\$750/member or \$1,500/family for In-Network Providers. \$880/ member or \$1,760/family for Out-of-Network Providers.</p>	<p>Generally you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</p>
<p>Are there services covered before you meet your deductible?</p>	<p>Yes. Preventive care for In-Network Providers.</p>	<p>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits.</p>
<p>Are there other deductibles for specific services?</p>	<p>No.</p>	<p>You don't have to meet deductibles for some specific services.</p>
<p>What is the out-of-pocket limit for this plan?</p>	<p>Medical: \$4,500/ member or \$9,000/family for In-Network Providers. \$5,200/ member or \$10,400/family for Out-of-Network Providers. Outpatient Prescription Drug: \$2,850/ member or \$5,700/family</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. There is a separate outpatient prescription drug out of pocket limit of \$2,850 member/\$5,700 family.</p>
<p>What is not included in the out-of-pocket limit?</p>	<p>Cost share of routine vision care, Premiums, Balanced-Billed charges, and Health Care this plan doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</p>
